BRAND PILLARS

Simple gear that performs across real schedules.

01

Cross-discipline fit

Patterns are cut for athletes who move between grappling, striking, board sports, and daily training — not one or the other.

02

Premium without noise

The look stays sharp and minimal while the materials carry the harder work: stretch, drying speed, durability, and comfort under pressure.

03

Community-first gear

Every drop is organised around real sessions — morning surf, evening rounds, gym work, and street-ready recovery in between.

04

Session-tested durability

Each fabric and construction method goes through repeated wash cycles and live training before it ships. We don't release prototypes.

05

Honest sizing

Every size runs true and is listed with body measurement ranges, not just S/M/L guesses. Get it right the first time.

06

Sustainable sourcing

Board shorts use recycled ocean-bound polyester. Gi cotton is pre-washed and responsibly sourced. Low-footprint by default, not as a feature.

FLAGSHIP COLLECTION
